The Light

Kingdom Shepherd's Column Finding Timothy

Though it seems that writing 2022 is just starting to feel habitual, we nevertheless find ourselves on the cusp of summer missions. As excited as we might be about returning to more normal summer missions programs, I for one have found myself reflecting on projects of the past. The awkward “icebreaker” games and the scent of marginally hygienic teenage guys after a long day in the South Georgia sun hold a special, yet haunting place in my heart. Each person who works with youth in any capacity knows the type of reflection I am writing about. You watch the students grow, both physically and spiritually. The child that you watched on the playground at church graduates and moves off to college. You run into them “adulting” effectively and feel a small amount of accomplishment, knowing that you had a part in impacting their life for Christ. The hours of devotions and pizza parties were not wasted. There is joy in these moments, and a desire to press on. And yet, even amongst this joy, I find myself asking a question based in reflection over my ministerial practice. Throughout my time impacting this life as a youth minister or mentor, did I effectively disciple this student to be a church leader of today?

Recently, at a youth summit, I was struck by the speaker’s insistence that the young people in the room were the leaders of tomorrow. Again and again, he used this same phrase to describe the dozens of kids in the conference hall. I know exactly what he meant, yet I found myself questioning the phrasing. I knew some of these kids. They are leaders now, actively engaged in leadership roles in their community and in their school. I was feeling pretty good about myself for recognizing this trait amongst my students when my pride was instantly deflated by a thought. Don’t we often do the same within our churches? How often do I see a student and see the “Music Minister” of tomorrow or the “Sunday School Teacher” of ten years from now? As we fall into the trap of seeing our kids as the future, do we ultimately miss the role that they play in our church right now? And lastly, if their current role in the church is diminished because of our definition of them, do we neglect their proper training and discipleship as they prepare to effectively answer the call of Christ to be church leaders?

Ultimately, we have a vision for what our discipleship should look like in the relationship between Paul and Timothy. Timothy may have been called to church leadership, but he was prepared for that role through ministry with Paul. Paul prepared Timothy by placing him, and supporting him, in leadership roles when Timothy was a young man. He admonished Timothy to carry himself upright before the Lord, and not to let his age allow people to think lesser of him (1 Tim 4:12). If we are in a leadership role, or a Paul, in our church, who is our Timothy? This is not a segmented ministry, but a call for all of us. If we all mentor a Timothy, then are we not ensuring that there will be a Paul in place to disciple the next generation of young people? There is wisdom in the church leaders that sit in our pews that needs to be shared with the young leaders sitting a few rows back. There are legacies of service and ministry that need to be continued and learned from. Also, mistakes that need to be avoided. We just need to take the time to make the connection.

Ultimately, we can have the best games and the cheesiest pizza in the world. We can have cool and experiential object lessons that no one else has thought of. We can be up to date on the latest trend or Tik Tok challenge. But when the frills are stripped away, our true impact as we enter a summer of youth programs should be focused on Biblical discipleship. We must make it part of our journey with the Lord to develop church service roles for our student leaders today. We should be fostering passion and purpose in the Lord. We should be finding our Timothy.

BREWTON-PARKER RAISES \$30K FOR STUDENTS IN LATEST GOLF TOURNAMENT

Daniel Redding from Metter Ford, left, presents a check to Brewton-Parker President Steven F. Echols.

April 13, 2022

MOUNT VERNON, Ga. — Brewton-Parker College has completed its 5th Annual Southern Classic Golf Tournament presented by Metter Ford at the Willow Lake Golf Club in Metter, Georgia.

Through the generous support of business sponsors and local teams, the event raised over \$30,000. These funds will be used to transform the lives of the students academically and spiritually.

Nineteen teams competed in this year's Southern Classic. This year's turnout is the biggest so far, thanks to the generous support of local businesses and support from the faculty, staff, and students of BPC.

The Southern Classic serves as a fundraiser for the college. Twenty-six community businesses supported BPC through various sponsorship levels. Bank of Soperton's team placed first, followed by the City of Mount Vernon's team in second with Team Handy Andy in third.

BPC would like to thank all of the Southern Classic sponsors: Presenting Sponsor – Metter Ford; Champion Sponsor – Pineland TelCo and Responsive Technology Partners; Partner Sponsors – Altamaha Bank and Trust, Chick-fil-A of Vidalia, Mount Vernon Bank, and Turnipseed Engineers; Friend Sponsor – DOT Foods, Farm Bureau Georgia, Meridy's Uniforms, and all the individual Hole Sponsors.

Chad Ritchie, BPC's director of advancement, said, "Wonderful weather and fellowship made this year's Southern Classic a great success for BPC. The support of local businesses and individuals was overwhelming. I am amazed at the generosity of our community and encouraged by their continued partnerships. BPC looks forward to growing the tournament each year. We are grateful to all of the sponsors and players who made the 2022 BPC Southern Classic an event to remember."

Right Start is a ministry designed to assist Georgia Baptist churches during the time immediately after their pastor leaves. Request Help at <https://gabaptist.org/right-start/>

What are the benefits of Right Start?

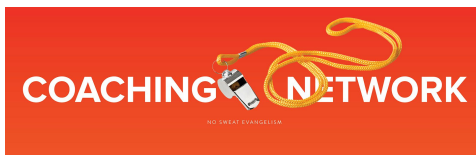

- To bring stability to the church during the early days of a pastor transition
- To assess the immediate needs of the church
- To be a sounding board for church leadership during the transition
- To provide consistency in the pulpit during the early weeks of a transition

Pastor Search Committee Training/Interim Committee Training

The Pastor/Staff Committee training presents a chronological, step-by-step process of the work of a Pastor/Staff Search Committee. The training includes resources to help the committee lead the church in searching for God's Will regarding a new minister. Each member of the committee receives a study guide for use during the training event.

A CMR Specialist or Consultant will come to your church and conduct a 1.5-2 hour training on a Monday, Tuesday or Thursday evening. Once your Search Committee is formed please call our office to confirm a date for the training. Pastor Search Committee Handbook Toolbox To access training materials related to this training event <https://gabaptist.org/pastorwellness/#toolbox> The Pastor Search Committee Training is a free service to Georgia Baptist churches made possible by the faithful giving of Georgia Baptist churches through the Cooperative Program.

COACHING NETWORK

The Evangelism Coaching Network allows pastors to gather regularly throughout the year with other pastors to discuss implementation of evangelistic strategies. This is where a pastor will form strong relationships, learn new practices and be motivated to prioritize evangelism. To learn more please complete the form at <https://gabaptist.org/evangelism/>

Thank you for giving faithfully to the Georgia Baptist Mission Board. We love you and are praying for you. Your partnership is so valuable as we continue working together to reach the lost in Georgia and beyond.

To be better stewards of Cooperative Program gifts, we will no longer mail out remittance forms. Churches received remittance forms with a letter explaining the change, and those are available for you to copy so you can continue sending them in with your gifts. A downloadable electronic copy of the giving form and blue envelope requests are available on our website at <https://gabaptist.org/financialservices> for your convenience.

GEORGIA LEGISLATIVE SESSION CONCLUDES AS ONE OF THE BEST

By MIKE GRIFFIN, Georgia Baptist Mission Board, April 5, 2022

Having served at the Georgia State Capitol as a lobbyist for 15 years, I believe this was the best year ever for getting good legislation across the finish line. See 40th Day video:

<https://fb.watch/cckJIHdjCJ/>

One of things that Georgia Baptists want to be known for is not what we are against, but what we are for! This year we were for more legislation than we were against!

This year we were monitoring at least 27 bills covering 18 legislative subjects. Out of those 18 subjects, we were supporting 13 of those areas of legislation. I think with all that has been going on in the past two years that this is BIG news!

Here are some of the top bills that were passed and supported by Georgia Baptists:

MATERNITY SUPPORTIVE HOUSING

This bill SB 116, known as “Betsy’s Law,” was authored by Sen. Randy Robertson. Building a culture of life means protecting life in the womb while promoting a society that empowers pregnant moms in crisis to confidently choose life for their unborn children as well as combating the high maternal mortality rate in our state. Betsy’s Law accomplishes that end by cutting through the cumbersome red tape and government regulations to allow non-profit organizations (including churches) to offer maternity supportive housing to pregnant and new mothers over the age of 18. This legislation would provide free maternity supportive housing for up to six pregnant moms and up to 18 months postpartum. This would help on our focus of Pre/Post Natal Care with Mission Georgia. It’s important that the church must step up to this challenge as we see the possibility of Roe vs Wade overturned!

APPEALS PROCESS FOR SCHOOL LIBRARY OBSCENITY

SB 226, authored by Sen. Jason Anavitate, ensures that our children are protected from sexually explicit material. Georgia Baptists support legislation that allows a proper appeal process when parents see material that is obscene. We must have laws that provide more transparency for and power to parents while at the same time ridding our schools of obscene materials. This legislation ensures that parents’ complaints about obscene materials can no longer be hid by administrators or school officials. It shines the spotlight of transparency on the public school system. It is very important that we do all we can in protecting students from the sexualization of early exposure to obscene materials. The last thing we need is our school system participating in the grooming process of immorality, sexual predators, and human trafficking!

PARENTS BILL OF RIGHTS

SB 449 was one of two pieces of legislation that reinforced the rights of parents to inquire about activities in our public schools. Rep. Josh Bonner’s bill was passed during the legislative session. This bill codifies parental rights when it comes to their child’s education. The bill starts out with a very basic principle that all Christians would find in line with Scripture: “The General Assembly finds that it is a fundamental right of parents to direct the upbringing and education of their minor children. The General Assembly further finds that important information relating to a minor child should not be withheld, either inadvertently or purposefully, from his or her parent, including information relating to the minor child’s education ...” One of the basics of this law includes the right of parents or guardians to have access to instructional material. The bill affirms a parent’s ability to request information from a principal or superintendent and requires that they provide the requested information within three working days. All Georgia Baptists can all be happy that this legislation passed the Georgia General Assembly!

BAN ON TEACHING DIVISIVE CONCEPTS

HB 1084 by Rep. Will Wade was one of two bills that was introduced to the legislature to ban the teaching on such things as Critical Race Theory in public schools. Georgia Baptists agree that it is important that our children know that they are all “image bearers,” and they should not be made to feel ashamed of who they are and be distrustful of their neighbor. Children do not need to feel as though they are inherently oppressed or inherently oppressors based on their race. This bill in no way discourages the teaching of historical facts and the truth related problems to our history that were wrong and related to racism and hatred. But no child should ever be taught that the color of their skin defines them. Children should not be limited to their race or made to feel guilty for the actions of others. We cannot allow indoctrination that divides our country, produces more racial strife, and teaches an anti-American worldview to our children.

SAVE GIRLS SPORTS

HB 1084 was also amended by the House on the 40th day to include language that would address the concerns of protecting girls' sports from having biological males competing in their athletic events. The amendment **empowers athletic associations like the Georgia High School Association to designate athletic competitions on the basis of gender and protect girls' sports**. We anticipate the GHSA will use this authority to designate competitions on the basis of gender.

While this amendment does not fully implement SB 435 (The Save Girls Sports Act) sponsored by Senator Marty Harbin, it is a move in the right direction. It is important that we as a state affirm God's design of human beings and take a stand against radical agendas that are undermining the opportunities for Georgia girls in our state.

FREE SPEECH ON COLLEGE CAMPUSES

HB 1, known as the "Forum Act" (Forming Open and Robust University Minds), was introduced by Rep. Josh Bonner. This is important legislation because Georgia Baptists are represented in approx. 42 college campuses throughout the state through our Baptist Collegiate Ministry. In relationship to this legislation, we believe that a student's First Amendment rights are not dropped at the door when they enter our government schools of higher learning. We think that it is good to have policies in place that add that extra assurance that all students will enjoy the highest free speech protection allowed under the U.S. Constitution. This bill protects students on our college campuses regarding their freedom of speech. It eliminates things like "free speech zones." It protects the right of all people to engage in lawful expression and it requires that administrators, campus police, etc. understand their duties regarding free expression on campus.

MENTAL HEALTH LEGISLATION

HB 1013, initiated by Speaker David Ralston and sponsored by Rep. Todd Jones and Rep. Mary Margaret Oliver, is a bill that seeks to do things like, expand insurance coverage for those with mental health issues, provide greater coordination, enhance workforce development (59 of Georgia's 159 counties do not have mental health professionals), and take various steps to make it easier to get help for someone with mental health challenges. Georgia Baptists agreed that this is important and needed legislation that all Georgians could greatly benefit from. Some very good amendments were added by the Senate. The Senate removed from the bill coverage mandates, changed definitions, and added conscience protections that can be applied to churches and 501-C's. We can all be thankful for so many legislators on both sides of the aisle who worked so hard to perfect this legislation!

NO EXPANSION OF GAMBLING

Last, but not least, there was a BIG WIN for something that did NOT pass this year at the Capitol – gambling legislation! There were approx. nine bills leftover from the 2021 session that were available to be acted upon that would have expand some form of gambling in our state such as Sports Betting, Horse Racing and Casinos. An attempt to pass two of the Horse Racing bills failed to get enough votes in the Senate, which requires a 2/3 majority. Then the House attempted to amend 2 Senate Sports Betting Bill that were passed last year, with substitute language that would have removed ALL prohibitions on any gambling in the state. These bills were again amended in the House Rules Committee to just legalize Sports Betting. Both failed to be passed out of the Rules Committee in order to get a vote on the House floor by the 40th day!

Bottomline: For at least eight years in a row, we have been able to stop ALL gambling expansion legislation in the Georgia General Assembly! This can only be attributed to God's convicting power and grace!

I want to thank each of you who played a part in praying and contacting your legislators at the Georgia State Capitol! There is no way I could make the difference that I do for Georgia Baptists, if it were not for Georgia Baptists getting engaged with the legislative process on a grassroots level! It's an honor to serve you in the legislature!
